SUMMARY

"Highly motivated and detail-oriented electrical engineer with 3 years of experience in the design, development, and testing of electrical systems. Skilled in circuit design, power systems, electronics, and instrumentation. Strong project management and problem-solving abilities, with a proven track record of delivering projects on time and within budget. Excellent communication and teamwork skills, with the ability to collaborate effectively with cross-functional teams. Seeking a challenging position in a dynamic organization that will utilize my technical expertise and leadership abilities to drive innovation and excellence."

PROJECTS

Range Finder Using 8051 MC

January 2022 - January 2022

EDUCATION

BE in Electrical and Electronic Engineering

KLS Gogte Institute of Tecnology • Belgavi,Karnataka • 2024 • 8.31

COURSEWORK

PLC and Industrial Automation

Kls Git • 2022 • Programming,Networking,Troubleshooting,Knowledge of industrial automation

Knowledge of industrial automation: A thorough understanding of industrial automation concepts and systems is necessary to work with PLCs effectively.Troubleshooting: Identifying and resolving issues with PLCs, including diagnosing hardware and software problems.

INVOLVEMENT

Member

KLS GIT ,Belgavi • IEEE • January 2023 - January 2024

•Participated in competitions,Attended conferences and workshops,IEEE organizes numerous conferences, workshops, and seminars worldwide, providing opportunities to learn from experts

SKILLS

Electrical Machines,Power sysytem, Power electronics, C, Python
